THE ARCHIE L. DOHERTY COLLECTION

In the present sale, my 76th, I offer a portion of the stock and private collection of the late Archie L. Doherty, of Chicago. The entire collection has been turned over to me for absolute sale at auction without reserve, as are all my sales. Subsequent offerings will be made between now and fall. With the exception of several other consignments in this sale, these coins have been off the market for over twenty years. Old-time collectors will remember Mr. Doherty 25 or 30 years ago when he was located in the Masonic Temple at Chicago. Mr. Doherty was at that time prominent in Masonic work.

TERMS OF SALE

(Please Read Before Bidding)

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Lots are sold at so much per piece, NOT by the lot. Thus, if there are 8 pieces in a lot and you wish to pay \$2.00 for the lot, then make your bid 25 cents.

Everything is guaranteed genuine, unless otherwise stated.

New Bidders or customers sending in lots for the first time must positively give first-class reference, bank reference preferable, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bid will be cast to the waste basket. To those known to me who have established credit, a reference or deposit is not necessary, and purchases will be sent out promptly after the sale. In appreciation of this courtesy, the purchaser remits promptly.

The terms are prompt cash settlement after the sale, and no time given. Collectors who are not certain that they can pay promptly, are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit,

as this is competitive bidding, excuted in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. **This fee is very low for the superior service I expect to give you.**

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt.** However, if a 2-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. **Be careful in making your bids.** Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

Before you return any lot, write me of the case, and I will locate the mistake, and send advice.

If you do not know how much to bid on any item, write me and I shall be glad to inform you as to its value.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

Let me sell your collection or duplicates in these sales. Quick returns and satisfactory results are realized. My sales are held regularly each month. Write for terms.

Keep on my mailing list and keep your address up-to-date by sending in some bids. If you find nothing to bid on, request next auction list simply by postal card to insure your getting it. **You** will find a great variety of numismatic material in this sale, some choice and rare items, and will be well paid for giving the contents of this catalog your careful perusal.

If you find nothing in this catalog to interest you, I would be pleased if you would hand it to an interested person if you can. **Remember,** that if I do not hear from you for two or three sales, **your name is subject to withdrawal** from my mailing list.

The best way to insure yourself, is to **send in some bids.** I want to thank my many customers for our pleasant dealings, the words of general satisfaction received, and the prompt remittances. Some collectors bought coins from me 15 years ago, and are still with me in my sales each month. Especially do I thank you.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. **Don't do this; bid by the piece.**

Read every word in this catalog—or you are very apt to miss just what you want.

GEORGE WASHINGTON COLLECTION

Two hundred years ago, our foremost American was born destined to become "the father of our Country." This year is the Bi-Centennial of George Washington and extensive celebrations and ceremonies are being held throughout the land. Certainly there could be no more fitting time than the present to start a collection of coins and medals of Washington, or to add rarities to your cabinet. The series is an extensive and entertaining one, historical, educational, artistic, enjoyable if you please.

One of the most prominent collectors in the west is disposing of his collection which is here offered at absolute sale without reserve. A collection so fine has not been catalogued in many years, and it is suggested that collectors take advantage of the present opportunity to acquire specimens, since years may pass until another remarkable collection appears.

The early Washington pieces form a most interesting department in the collection of coins, and if the interest be extended to the collection of all pieces graced with the likeness of Washington, it forms also a very extensive field for research. All coins and medals, unless otherwise noted are copper or bronze; and, unless otherwise described, are in perfect condition, usually gems, the finest obtainable. As far as practicable, the arrangement is chronological, and by Baker, with many additions.

There will be a Priced Catalog of This Sale.

A printed list of prices realized at this sale will be sent on receipt of one dollar, cash with order. Every collector should order this list, which will be a valuable reference of current values, and a guide to future bidding. Don't miss this chance to get posted. Priced catalogs are always valuable.

FREE

In order to assist collectors in making intelligent bids, that have a good chance of success, we will be very glad to send free advice to anyone, on the value of sale lots. It is useless to make low bids that have no chance of success, thinking that coin prices are cheaper during these times. The coin market is by no means affected in a serious way, and new records are being made in every sale. Furthermore, coin prices are going to advance in the next few years as never before.

IMPORTANT

THE DATE OF THIS SALE IS JUNE 11. This was changed from a different date announced in my last catalog. MAIL YOUR BIDS IN TIME. DO NOT WAIT TILL THE LAST MINUTE. THANK YOU.

STUDY THE CATALOG

Take plenty of time to study the pages of this catalog. Read through the whole thing. You will enjoy it, and will find many things that are not generally offered. Send in a generous number of liberal bids. We are prepared to show appreciation of your interest.

SELL YOUR DUPLICATES

Those duplicates in your collection are doing you no good. Send them in to be sold in my next sale now in preparation. Then invest the proceeds in something you want. That is the way several prominent collectors are improving their collections with joy.

Quick returns and satisfactory results are realized as I hold sales regularly each month. Write for terms. Member of American Numismatic Association.

A NEW BOOK ON CENTS

"THE UNITED STATES CENTS OF THE YEARS 1798 and 1799," by Mr. George H. Clapp, is now on hand, and can be furnished to my customers at \$7 per copy. This book is one of the finest ever published on cents, and should be in the hands of every collector of the large cent series. It is the result of nearly ten years' study by Mr. Clapp. There are 34 obverse dies and 34 reverse dies which, with various combinations, make 47 separate and distinct die-varieties of the 1798 cent, all of which are minutely described and pictured with the finest plates ever made. The price \$7 is less than half the actual cost of producing the book, taking no account whatever of the author's time or effort, which seemed to be a labor of love.

A MID-SUMMER SALE

Contrary to usual custom, I will hold my 77th auction sale this summer, probably in July. There will be a continuation of the Doherty Collection, and other very fine consignments, which are already on hand. The catalog is now in preparation. There is yet time and space for your collection, if you attend to it soon.

Yours for superior numismatic service.
